1.0 GENERAL OVERVIEW

1.1 INTRODUCTION

1.1.1 Serviced Accommodation

Serviced accommodation in Britain is broadly divided into three categories:

- Hotels – formal accommodation with full service.
- Guest Accommodation (e.g. B&Bs, inns etc) – informal accommodation with limited service.
- Budget Hotel (e.g. roadside, budget lodge style) – uniform accommodation with limited service.

This booklet describes the requirements for the Quality Standards for Hotels.

Any establishment operating with the word **hotel** as part of their business name will be assessed using the hotel requirements we list in this booklet. There is strong evidence to support this from research into consumers' expectations and understanding of what a hotel should be.

1.1.2 Common Standards

VisitBritain, VisitScotland, Wales Tourist Board, the AA, the RAC, with the support of the government, have worked together to agree, support and develop common standards for assessing the quality of serviced accommodation in Britain.

Each organisation is using these common standard requirements to determine the Star rating for your establishment. Your rating will be the same whichever organisation you choose to carry out your assessment. You can, of course, choose to be assessed by more than one organisation and each organisation will award you the same Star rating. Additional marketing awards for food, comfort and service etc. from the different organisations, however, are not part of this agreement.

1.1.3 The Requirements

We have based the requirements for the Star ratings on the existing standards of all the organisations plus extensive research into the needs and expectations of visitors. We have also consulted widely with the hospitality industry.

The feedback we received from the industry shows strong support for a common quality standard for serviced accommodation throughout the countries where we operate the schemes. Our aim for this revised common quality standard is to work continually with the industry and to strive together to raise quality standards in line with the ever-evolving expectations of consumers.

1.1.4 Dispensations

Dispensations for certain individual requirements within the quality standards may be given as long as all the remaining requirements and quality levels for that rating are met or exceeded. This flexibility will be on a case-by-case basis and will have to be agreed by the Standards Review Group (SRG), which represents all the four organisations who operate the Common Standards - AA, VisitBritain, VisitScotland and the Wales Tourist Board. Any exceptions will need a proportional increase in quality in other areas to compensate for the area where an exception is sought.

1.2 KEY REQUIREMENTS AT EACH RATING LEVEL

1.2.1 One Star

The key requirements for achieving a **One Star** hotel rating are:

1.3 QUALITY

1.3.1 Levels of Quality Assessment for the Hotel Standard

There are five levels of quality ranging from One to Five Star. To obtain a higher Star rating a hotel will provide an enhanced quality and range of both services and physical facilities (primarily bedrooms, bathrooms and public areas).

Our research indicates that quality is of key importance but visitors also expect the level of services and range of facilities in hotels to increase at each Star rating level.

1.3.2 Quality Terminology

We use phrases such as 'good', 'very good' etc. to signify ascending levels of quality in broad terms only. These standards indicate in general terms typical consumer expectations of each star level. They are neither prescriptive nor definitive because we recognise the wide variety of quality elements that can be included – for example style, which can range from traditional to minimalist.

1.4 SUB CATEGORIES/DESIGNATORS

1.4.1 Types of Sub Categories / Designators

All hotels will be positioned in one of the following descriptive sub categories. We have developed these sub categories to help consumers understand more clearly the different types of hotels available in the hospitality industry.

- Hotel
- Country House Hotel
- Small Hotel
- Town House Hotel
- Metro Hotel

Hotels in each of these sub categories need to fulfil all hotel requirements detailed in this booklet. However Metro Hotels do not have to offer dinner.

1.4.2 General Descriptions
